

Pool Feasibility Committee Meeting Minutes

January 24, 2019

Attendees:

Kip Fitzgerald Renee Reed Deborah Scalise Francis Beers	Andrea Konstant- Matchbox
--	---------------------------

Called to order at 6:46 PM

Discussed charter and preliminary budgets.

Discussed whether to have a lifeguard.

Committee needs a budget and more information from developer. This could be a lot of work for something that might not pass. Would hate to design a pool and find out the budget is half what they'd like.

Would like developer to provide 3-4 conceptual designs to look at. It's hard to determine what would fit in the space.

Get pricing from pool design and pool management companies.

Would pool be gas or solar heated, or not heated?

Salt water, chlorine, or Baquacil sanitation.

Committee will collect budgets from Spotswood Country Club, Bridgewater, East Rock Pool, and maybe MPOA.

Andrea will send as much information as possible, then committee will set next meeting date when they have enough information to work off of.
